

Institutional Distinctiveness

JSPM's Imperial College of Engineering and Research is established in 2006 with the vision **“To satisfy the aspirations of youth force, who wants to lead nation towards prosperity through techno-economic development.”** The institute is affiliated to Savitribai Phule Pune University, approved by AICTE, New Delhi. Institute seeks to do so by providing an intellectually challenging and ethical environment in which students' skills and spirit are held high and soaring at all times. The Institute adopts participatory management principle; hence all the constituents of the departments are decentralized for independent and effective functioning and thereby contributing total development of the Institute. Each department functions under the guidance and responsibility of the Heads of the Departments, and the Principal is the ultimate administrative authority discharging work with the guidance and approval of the Management Committee of the college.

Institute achieved A grade with CGPA 3.05 by NAAC in the year 2017, In the following years institute is setting new benchmarks for quality in academics, extra and co-curricular activities, Research and collaboration with industry. And the institute is successfully achieving those benchmarks leading towards improvised student achievement in academics, extra and co-curricular activities. The institute focuses on student centric activities for overall development viz leadership, ethical, moral, spiritual, soft-skill, emotional, physical, social.

Institute actively motivates and conducts entrepreneurship development activity in association with IIT Kanpur. In this program nationwide renowned speakers share their valuable guidance and experience with the students.

Institute has collaborations with IBM, Dell-EMC2 , Texas Instruments ,Reliance Jio, Microsoft, Bentley, Mitsubishi . These collaborations help the students in terms of value added trainings, workshops, sponsored projects, internships and much more.

Our Institute is recognized as an off campus outreach center by IIRS, ISRO Dehradun. So our faculty members can explore and access in ISRO based projects, webinars , online courses. Institute has achieved 2f status by UGC, which opens the door towards autonomy and many more such benefits.

Two faculty members are elected as BOS (Board of studies) member in Savitribai Phule Pune university. One faculty member is elected in Electronics and Telecommunication Engineering Department while other in Civil engineering Department. Being our faculty at BOS position at university level enables us to design, the curriculum and plan/ execute the other academic related reforms.

One faculty member chaired the panel in National level event “Edtech Review”. Edtech Review is an event where the faculty member gets chance to represent at national level and discuss the challenges that one is facing towards the developmental strategies.

Two faculty members are certified charter engineer by Institution of engineers-Fellow program. The Institution of Engineers (India) is the national organization of engineers in India. It is currently headquartered in 8 Gokhale Road, Kolkata. The Institution of Engineers

(India) [IEI] has bilateral relations with engineering professional institutions in 41 Organizations around the world and is also the founding member of major international engineering organizations.
