## Summer Internship Appreciation

### To Whom So Ever It May Concern

This letter clarifies that **Mr. Anubhav Pandita** has completed his Summer Internship with our organization on **Java programming** in association of our technology partner **What After College** from 1 Feb to 15 March 2022.

During the internship span with us, he was actively and diligently involved in the projects and tasks assigned. He developed the project "**Sudoku solver using backtracking and recursion in java**", which implicated the practical execution of the courseware.

We found him sincere, hardworking, technically sound and result driven. He has shown an impressive skill towards being a diligent task handler. He collaborated with the team and was a seamless part of the team during his tenure. He has shown the ability to incorporate the company's ideologies and concepts, be a strong team player and contribute to successful result-oriented goals.

Our organization thanks him and wish him all the best for his future.

Sincerely,
